

Can't Eat

You certainly don't want to eat if you are not hungry. But you must eat, and you must digest your food, too. If not, you will become weak, pale, thin. Good food, good appetite, good digestion,—these are essential.

Mr. Robert Venus, of Llanconost, Tasmania, sends us his photograph and says: "I suffered greatly from loss of appetite, indigestion, pains in the stomach, weakness, and nervousness. Several doctors tried in vain to give me relief. A friend then induced me to try Ayer's Sarsaparilla, for it had done him much good. The first bottle worked wonders for me. Soon my appetite came back, my indigestion was cured, and I was strong and hearty."

AYER'S Sarsaparilla

There are many imitations "Sarsaparillas." Be sure you get Ayer's.

Keep your bowels in good condition by using Ayer's Pills. They cure constipation, coated tongue, biliousness, sick headache.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

FOUR DAYS AND A HALF

Siberia Expected to Make Record.

No Orders Issued to Make Haste on Initial Trip.

Col. Macfarlane Receives Cable Indicating That Liner Will Arrive Monday.

Col. Geo. W. Macfarlane received a cable yesterday from R. P. Schwerin of the Pacific Mail Company at San Francisco stating that the Siberia was not making a record trip. This will mean that the vessel will arrive here during Monday afternoon.

Col. Macfarlane asked for this information for the public, knowing that the city would be interested in just when to expect the arrival of the great liner. It is also reported, however, that if Captain Tremaine Smith found the weather good and the seas smooth he would let out the Siberia, and in this case the big liner would arrive here early on Monday. It is expected that the Siberia will remain in port for about thirty-six hours and a band concert in honor of the Siberia and her passengers will be given Monday evening at the Hawaiian Hotel.

In a recent letter to Col. Macfarlane, Mr. Schwerin stated that he was disappointed that the Korea on her record trip here in four days and twenty-two hours did not make the voyage in four days and sixteen hours. This is an indication that the company has hopes of the Korea being able to make the San Francisco-Honolulu trip in four days and sixteen hours and as the Siberia is believed to be still a better boat, she is expected to cut the record down to four days and twelve hours.

COAL SHIPS ARE BEHIND TIME

In the next few days two and possibly three sailing vessels should arrive with coal cargoes from Newcastle.

Unfortunately for Some

People they are prejudiced against beer—because they have never tried good beer—do not know the health-giving qualities. If you will give

Rainier BEER

A trial you will always keep it in the house. It is a pure, healthful drink—all the family like it. The doctor will recommend it. Two dozen quart bottles delivered to any part of the city, \$3.75. We allow for the return of quart bottles, 25 cents per dozen, making the net price \$3.25.

IN THE WHIRLPOOL

LOSS OF THE STEAMER STRECKER IN THE GREEN RIVER RAPIDS.

Many Passengers Narrowly Escape With Their Lives—Thrilling Experience of a Rochester Girl—The Story of the Rescue.

The captain of the steamer George Strecker which went down during a blizzard, in the whirlpool of the Green river, had navigated the rapids for over twenty years previous to the fateful trip. The accident occurred soon after the passengers had breakfasted and many of them were on deck watching the troubled waters. Among them was Miss G. E. Redfern, of No. 98 Ambrose street, Rochester, N. Y., and her account of the accident and of her thrilling rescue gives the best story of the passengers' fierce struggle for life. "When the boat sunk," says Miss Redfern, "some of the men jumped into the water and swam for shore. Others were clinging to floating bales of goods and these were rescued by some men in a long boat. I was caught on a projection of the steamer and went down with her. One of the crew dived and brought me to the surface when somebody threw a life preserver over my head. A young man helped me on a bale of wool which floated past and so I reached the shore."

At the time of the accident Miss Redfern was returning to Rochester from Kentucky but, owing to the shock of the accident, she reached home in an alarming state of health. "I was covered with ice," she said, "when they brought me ashore. I was black and blue from my bruises and my relatives said they did not think I would live. And for a long time, until I took Dr. Williams' Pink Pills for Pale People, my nervous system was a wreck. Doctors had not helped me and I was very miserable. My health ran down to an alarming degree. I was weak, grew thin and was extremely nervous and irritable. But Dr. Williams' Pink Pills changed all this. In a short time after beginning with them I felt better and, after using a few boxes more, I felt like my old self again."

These pills have become famous all over the world for their wonderful efficacy in cases of nervous troubles, small or great. They have cured when the trouble was more severe than Miss Redfern's and they cure lesser nervous disorders without fail.

At all dealers or direct from Dr. Williams' Medicine Company, Schenectady, N. Y., 50 cents per box; six boxes, \$2.50.

The American bark Carrollton, Captain Gordon, 1322 tons, is now out seventy-one days and should arrive at any time. The American bark Haydn Brown, Captain Asplund, of 822 tons, is out sixty-five days. The American schooner Watson A. West, Captain Peterson, has been out fifty-one days. The American ship Benjamin F. Packard from Norfolk, Va., has been on the water en route to Honolulu for 187 days, or a little over six months.

Rain Helped the Mills.

The purser of the Mauna Loa reports fine weather during the entire trip. He reported the steamer Kauai at Punaluu where she was taking in all the sugar there. The vessel was to proceed to Napoosoo to load cattle. A plentiful rain has been falling in Kau and the plantation mills there are running at full capacity.

Shipping Notes.

The American ship Fort George will probably sail today for Kahului.

The tug Eleu washed down several of the wharves yesterday morning, using salt water for the purpose.

Captain Flint of the harbor police yesterday arrested two sailors who had deserted from the German ship Marie Hackfeld.

The American schooner Mahukona, which is lying at anchor outside the harbor will sail for Elele on Sunday to discharge her coal cargo.

The Mauna Loa brought to Honolulu yesterday 7427 bags of sugar and 347 bags of coffee. The Mauna Loa's purser reports the following sugar on Hawaii: P. S. M., 3,500 bags; H. S. Co., 3,500; Kona Sugar Co., Kailua, 2,000 bags.

The American bark R. P. Rithet moved alongside the Inter-Island steamer Mauna Loa yesterday afternoon and will take in all the steamer's sugar cargo amounting to about 7,000 bags.

The ship Kenilworth is fast loading in her big cargo of sugar and expects to get away by Wednesday or Thursday of next week. Her cargo will consist of about 63,000 bags of sugar for shipment either to New York or Philadelphia. The work of loading in was so rapid yesterday that one gang of men was taken off.

INFLUENZA is always more or less prevalent at this season of the year. This disease is very similar to a severe cold and if allowed to take its course is liable to cause serious results. The best treatment for influenza is to avoid exposure and take Chamberlain's Cough Remedy. This medicine gives immediate relief and if used as directed, will ward off all dangerous consequences. It leaves the system in a natural and healthy condition. It always cures and cures quickly. Benson, Smith & Co., Ltd., wholesale agents, sell it.

AFTERNOON DISPATCHES FROM ASSOCIATED PRESS

CHICAGO, Ill., March 13.—The Indiana coal operators against whom suit was brought during the recent strike have been acquitted by the courts.

BELLEFONTAINE, Mo., March 13.—A farmer named Kraus, living near Bellefontaine, killed his wife and six children during a fit of insanity and then committed suicide.

WASHINGTON, D. C., March 13.—Rear Admiral Coghlan's squadron has been ordered to Honduras to protect American interests. The revolutionary forces are gaining headway.

WASHINGTON, D. C., March 13.—Republican leaders of the Senate, after thoroughly canvassing the situation, confidently predict that definite action will be secured on the Panama and Cuban treaties during the present session.

TUCSON, Ariz., March 13.—One of the most deadly encounters with stage robbers that has occurred in this bandit-infested section for months took place today. A stage held up by bandits was vigorously defended by driver and passengers. When the battle ended the driver and six passengers were dead. The robbers escaped.

WASHINGTON, D. C., March 13.—In consequence of the disposition of the Senate to require the ratification of Cuban treaty provisions by the House, President Roosevelt is considering the advisability of calling an extra session of the Fifty-eighth Congress in order to assure the completion of Cuban Reciprocity in time for the present harvest to come in under the reduced tariff. The President is determined that the treaty shall not be held up by provisions which contemplate putting off final ratification to the next regular Congress.

HARNESS HORSES WILL GO

With the middle of March at hand not a single racer is at the track at hard work of training for the races of June. This is unusual for in former years the animals have been worked by the trainers as early as the first of this month.

There promises to be some activity with the coming week. The black wonder, whose mettle was not tried last year, Cyclone, has been sold to the Honolulu Speed and Racing Association, whatever that may be, and the animal put in charge of Jim Quinn, who developed the horse last season. It is expected that the black will be put on the track next Monday, and that he will be brought around, so that he will be as good as he was in last June, barring the nose bleeding, which put him out of the running then.

The promise is that there will be some fast going. Tom Hollinger has taken over Waldo J., and he promises to have the grey as fast as ever and as good too. The animal is being jogged, as there has not been so much as a scraper sent over the track, to condition it after the hard winter. It will not be long before the circle will be ready for the fastest work however.

Rice has sent down a candidate for free-for-all honors from Kauai. The animal is unnamed but is known as the Kauai Wonder, and it is reported has turned a mile track in the States in .06.

An effort will be made to get up such a program as will hold McKenzie here for the summer. The Hilo man has declared his intention to leave for California soon, but it is thought if he can be assured a good program here he will bring down Carter Harrison and others, and make at least a farewell appearance before leaving Hawaii for ever.

The meeting of the Jockey Club on Monday evening will be one of the most importance and will be largely attended.

HIGH SCHOOL VS. BLUES TONIGHT

The Basketball season will end at the Y. M. C. A. tonight in a game between the High School and the Blues of the Intermediate League. The game is the deciding one of this league, as both teams have won their games played so far and have not come together before.

The High School team has had the benefit of practice with the Diamond Heads, champions of the Senior League, and will undoubtedly show the Blues something of fast basketball.

The Blues have recently lost one of their best men in Moses Keoho, who went up to the Coast on a late steamer.

The game will be called at 7:30, and the teams will line up as follows:

High School—C. Peterson, P. Schmidt, E. Desha, forwards; D. Sherwood, center; Bob Clark, H. Williams, guards.

Blues—Tom Evans, Lawrence Ken, forwards; Paul Pereira, center; G. Hilland, Luther Evans, guards.

Following this, at 8:15, there will be a consolation game between the Diamond Heads and a picked team, composed partly of men who have been shut out of the season's playing by backbone fever and other things.

Basketball at Kamehameha.

A game of basket ball between teams

of the Y. W. C. A. and Kamehameha Girl's School will be played on the Kamehameha court this afternoon at 4:30. The Y. W. C. A. will pit its second team against the Kamehameha girls, as follows: Jessie Frazier (captain), Nina Craig, Anna Tucker, Carlotta Stewart, Edna Craig, Elizabeth Dutoy, substitutes, Lita Wright, Belle Dickey, Carrie Crewse, Joan Center.

HERPICIDE
A Luxuriant Growth of Hair.
The chief adjunct of beauty is now placed within the reach of every one by means of Newbro's Herpicide, a new scientific discovery that effectually destroys the microbes responsible for all scalp diseases. It not only makes dandruff and falling hair things of the past, but invigorates the hair roots, causing a soft, thick growth to supplant the old thin and brittle one. Here is what one happy woman says:
"PHILADELPHIA, MONT., Nov. 25, 90. My hair was coming out very rapidly, and in places was entirely bald, and calling on my physician he strongly recommended Herpicide to me, and after three or four applications my hair stopped falling, and is coming in again quite thick. I am so glad to see I have cause to praise Newbro's Herpicide."
—Miss MARY GRACEVICH.

THE NEW FRENCH REMEDY. THERAPION. This successful and popular remedy, used in the Continental Hospitals by Robert Koch, J. B. Robert, Volp, and others, cures all the diseases to be sought in a medicine of the kind and surpasses everything hitherto employed. **THERAPION NO. 1** maintains its world-renowned and well-merited reputation for damage to the kidneys, pains in the back, and kindred ailments, affording prompt relief where other well-tried remedies have been powerless. **THERAPION NO. 2** ferments the blood, cures, purifies, and restores the system, and is a powerful remedy for all diseases of the blood, such as scurvy, purpura, spots, blotches, rashes, and eruptions, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, etc., to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all noxious matter from the body. **THERAPION NO. 3** for exhaustion, sleeplessness, and all distressing consequences of disipation, worry, overwork, &c. It possesses surprising power in restoring strength and vigor to those suffering from the enervating influences of long residence in hot, unhealthy climates. **THERAPION** is sold by the principal Chemists and Merchants throughout the world. Price in England, 2s. 6d. and 4s. 6d. In order to state which of the three numbers is required, and observe that the word "THERAPION" appears on the British Government Stamp (in white letters on a red ground) affixed to every genuine package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.
